Cap Guide 2020

Stock caps (Navy, Maroon and Green)

Baggies cricket caps come in two styles, traditional English style and Australian baggy. Both styles are designed and embroidered in the UK. The caps are a wool blend, 8 panel design, with elasticated sides on the Baggies and a single elasticated back on the traditional caps, for a snug, comfortable fit. The caps are lined for extra comfort and specifically designed for direct embroidery (Please note a dst file is required to produce any embroidered badge. If you cannot provide one we can get one professionally digitized for you at a cost of £25. The maximum height should be no more than 60mm tall). To complete the classic look, the baggy caps are embroidered in gold thread with the text '**Baggies**' on the lower back panel. They are available in S/M (55-57cm), our most common size L/XL (58-60cm) and XXL (60-63cm). The traditional English style caps are plain on the back and available in S/M (57-59cm), the most common size and L/XL (60-63cm).

*Check out our Tips on how to design your badge PDF file.

Made To Order Caps

Stock colours in both designs are navy, green and maroon but other colours can be 'Made to Order', as can alternating panel caps and hooped caps. Made to Order caps have a minimum order quantity of 11. The design of the 'made to order' caps is the same as above but are plain on the back and come in a wider range of sizes (although the most common sizes are L and XL). Sizes available on the 'made to order' caps are small 53-55cm, medium 56-57cm, large 58-59cm, XL 59-60cm and XXL 61-63cm.

You can rest assured that you are getting quality with **Baggies** caps, our caps are worn by Yorkshire, Lancashire, Nottinghamshire, Leicestershire, Derbyshire and Glamorgan 1st XI County sides.

All special needs such as embroidered initials or squad numbers can be catered for, for a small additional cost.

All enquiries can be sent to sales@cricketcap.co.uk or phone enquiries to the numbers below.
